Chairman's Message

There are certain facts that are universal and are least likely to change. Like them it is also a fact that a child is considered to be a representative of God. He stands for purity, innocence and unbound potential yet as parents and grown-ups we often fail to recognize the same in the hustle of earning bread and butter. If we realize this failure of ours and, taking correct measures let the child become fortunate by letting him come under the guidance of a true educator where he is not only a 'roll number' but an individual who is not devoid of intelligence & wisdom like other brilliant students, if we enhance his capability by breaking the traditional barrier of judging him through a report card, the day is not far when he will grow into an individual with a strong vision and mission of life, he will feel free to make a right choice and opt for a profession that is socially and economically relevant.

Kunwar's Global School is such a choice that I'm sure will reveal the true potential of everyone whosoever becomes a part of it, whether they are the faculty members or the highly capable children of today. I'm hopeful that Lucknow will feel proud of the existence of a school that has taken birth out of a commitment of giving the best to the society and not merely make loads of profit. We've stepped in with a purpose to make a difference because we believe-

"To make a difference in someone's life you don't have to be brilliant, rich, beautiful or perfect. You just have to care enough and be there"

Principal's Message

Dear Parents,

The Session 2016-17 has been an amazing year of learning for your child. . . a very busy year for our staff in preparing the students for academics, games and sports, co-curricular activities, excursion, remedial and preparatory classes throughout the year. Our teachers have been working day and night with the students, however, our success depends on your involvement with your child as well as I expect you to be an integral part in the academic learning process. With your assistance in terms of your suggestions and the trust that you have shown in us and in your ward, I am confident that your child will have higher morale, great test score, graduation rate and acquire productive place as a leader in the global community.

Our dual curriculum i.e. Central Board of Secondary Education and Cambridge International Examination supports learners in becoming confident, responsible, reflective, innovative, engaged intellectually and socially to make a difference, which reflects in their personality.

With respect to infrastructure, we have fulfilled our commitments of construction of the new boys' hostel, dairy farm and swimming pool. In the near future, new girls' hostel, senior school building, ultra-modern Performing Arts department and language labs will be added to the school's extensive facilities.

I am happy to submit the second issue of 'Yasharth Vidya', the school magazine which highlights the events and achievements of the year. I appreciate and congratulate the Editorial team for their hard work and dedication that has resulted in the publication of this issue of school magazine.

About Us

Kunwar's Global School is the First International school of its kind in Lucknow. The school will play an important role in preparing community leaders in the field of Science, Arts, Business, Industry, Politics and Sports.

At Kunwar's Global School, we aim at making children capable of becoming responsible and productive members of a global society. Here knowledge, skills and attitudes are inculcated in children through learning experiences and opportunities created for them in the school. It is in the class room that learners can analyze and evaluate their experiences, learn to doubt, to question, to investigate and are driven to think independently.

We firmly believe that knowledge should be imparted not only to make the learners literate but to educate them life skills, attitudes, emotions and values are equally crucial for the holistic development of the children.

We are determined to maximize opportunity for everyone in our community by utilizing best practice strategies in a collaborative, co-operative and supportive environment.

It is with great pleasure that we welcome you at the Kunwar's Global School.

Key Features

Foundation for Secondary Education
Cambridge Primary helps identify a learner's Strengths and Weaknesses and can be used to support Learning and Development. It prepares learners for a smooth transition to Cambridge Secondary 1 and beyond.

About Cambridge

Cambridge International Examinations is the World's largest provider of International Education Programmes and qualifications for 5 to 19 year olds.

Over 10,000 schools in more than 160 Countries offer University of Cambridge Certified Programmes and qualifications.

We are a division of Cambridge Assessment, a not-for-profit organization and part of the World-renowned University of Cambridge.

Curriculum

CIPP Cambridge Primary, typically for learners aged 5 to 11 years, gives schools a world-class curriculum to develop learner skills and understanding in English, Mathematics and Science. It enables teachers to assess children's learning as they progress with two optional assessments:

Cambridge Primary Progression Tests and Cambridge Primary Checkpoint.

Our curriculum framework for English studies also includes an 'English as a second language' option.

External Benchmark

Cambridge Primary assessments, including Cambridge Primary Checkpoint, provide teachers with an International Benchmark to inform their teaching and easily measure learner's progress over time. They also enable detailed, structured reporting to parents.

International Curriculum

Appropriate and relevant Internationally, Cambridge Primary has been designed to be culturally sensitive. It includes top-quality teaching and assessment resources appropriate for teaching and learning in Local and International schools.

Information and Communications Technology

We use Cambridge ICT Starters within Cambridge Primary to introduce young learners to the key ICT applications they need to achieve computer literacy. It gives schools a flexible framework to develop ICT skills.

Faculty

Quality may be defined as 'fitness for purpose' and requires a context and a means of measurement. Our teachers are not only knowledge providers rather they are facilitators and co-learners. We empower our teachers continuously with comprehensive training to improve their performance to make the school more efficient and effective so as to fulfill the need of 21st century learners, the teachers are well informed with a sound understanding of the National and International curricula as they phase in. At Kunwar's Global School, teachers are passionate to motivate the students in gearing them positively and they are willing to teach them to 'Think out of the box'. We lay more emphasis on the teachers who can understand the thinking, difficulties, dispositions and interests of the learners. Our teachers believe in experimental and student – centric learning. They are capable to facilitate and foster contextual learning bridging various disciplines and curriculum areas with real time experiences. We provide Comprehensive support to our teachers that include face-to-face and online training information in regards to curriculum framework, teacher guides, lists of resources and a secure support site.

Flexibility

Cambridge Primary complements a range of teaching methods and curricula.

No part of the programme is compulsory and schools have freedom to choose the parts that best suit their situation.

This means they can use Cambridge Primary while following their school or National Curriculum, or offer the entire programme.

Swimming Pool

The school campus has two swimming pools.

A major pool and a deep one for students from Grade I to XII, and a minor pool, shallow one meant for the Junior School children.

The size of the pool is half Olympic size divided into 6 equal lanes.

Separate changing rooms with toilets are provided for boys and girls in the pool area.

Well trained and qualified swimming coaches train the students.

Horse Riding

Students are trained over an area close to 100000 sq ft,

which comprises of 3 horses, two riding rings (20 x 60m and 40 x 60m), a 12-obstacle jumping course and vast expanses of field.

The school currently trains 150 aspiring equestrians.

STUDIOS OF INTELLIGENCE

A classroom is not an empty space merely meant to be filled with the patter of young footsteps, the hush of their attention and the scratching of their pens.

It is a live space meant to Inspire. A space alive with possibility, where young minds feel encouraged to Explore, Discover n learn.

At Kunwar's Global School, we have separate studios of intelligence conceived as separate labs for Science & language learning installed with digital smart equipment to facilitate easy learning through the 'Do and Learn' model.

It also has a well equipped library with large selection of books, including works of fiction and non-fiction, magazines, periodicals, newspapers etc. Library has the facility of online search, access to internet and e-mail etc.

Co-Curricular Activities

Beyond the stretch of classes there is a world of experiences and learning that serve as food for the soul.

At Kunwar's Global School, music, both western (classical and modern) will be a part of what we offer our students, further, to strengthen the cultural and aesthetic values among the students, we also provide ample opportunities to our students in the field of dance (classical and western) and art & craft.

With the projection of performance arena we have fully air conditioned school auditorium with the seating capacity of more than 1500 people gives optimum exposure to our students for dance drama theatre and other co-curricular activities.

AUDITORIUM

SPORTS POLICY AT KUNWAR'S GLOBAL RATIONAL

The aim of offering broad participation in sports at Kunwar's Global School, is to nurture the personal development of our students. Participation in sports is an educational activity. We want all students to be involved in team sports for the lifelong Physical, Psychological, Social and Personal benefits that such participation can bring. It is particularly important to encourage students to engage in organized sporting activities to take care of the initial low levels of measured physical fitness and motor skills.

The standard of competition in many sports continues to improve physical and mental preparation for competition is both intense and of longer duration. Adequate preparation and regular training are required to maintain and enhance our competitiveness. Player satisfaction in sports is important. Commitment to the sports program by students and parents needs to be maintained and strengthened.

OBJECTIVES OF SPORT POLICY

- To raise the general fitness level of our students.
- To inculcate the values of cooperation, integrity, tolerance, trust, respect for rules and regulations and the possibility of each individual's action influence and participation.
- To build foster competitive spirit among our students and their parents.
- To help them demonstrate courage determination flexibility and sportsmanship all the time.
- To provide for leadership and generate an interest in physical education and wellness.

STRATEGIES

- Supply a qualified coach for every sport.
- Improve the level of expertise of our coaches.
- Increase the frequency and intensity of our coaching/training sessions.
- Improve the attendance of students at sports fixtures and at training sessions.

SPORTING ACTIVITIES

Kunwar's Global School offers opportunities for a vast range of sports through its World-class facilities. The school is built around a beautifully maintained field for Football and Cricket. Behind the school building lies the Basketball and Skating court. Our Indoor fitness and Sports hall has marked itself as one of the most advanced in the region.

School also conducts regular sport events and Interschool Championships, testing the limits of Stamina, Endurance And Skill.
